SHINGLE FOR DELEGATE IS BOOMED AGAIN

Robert W. Shingle, County Treasurer,
will be the next candidate for De-
legate to Congress, according to John
H. Wise, campaign manager of the
Taft-Pear League. Wise said today
that the name of Shingle was promi-
nently mentioned by the Taft-Pear
League and the general sentiment of
the members was in favor of support-
ing Shingle for that position.

"What's the matter with Prince Ku-
hio, the present Delegate to Con-
gress?" Wise was asked.

"Well," said he, "his name has been
considered, and it is likely that he
will be asked to run for the position
of Mayor of Honolulu."

The matter is still in the hands of
the leaders of the Taft-Pear and Taft-
Kuhio Leagues.

Among the Kuhio men the state-
ments of Wise are regarded as a stud-
ied attempt to create suspicion that
there is lack of sincerity in the friend-
ship of Shingle for Delegate Kuhio.
Shingle will not oppose Kuhio under
any circumstances.

NORGAARD SAYS DOG QUARANTINE IS WISE STEP

Territorial Veterinarian Victor A.
Norgaard has the following to say
about the quarantining of dogs in his
monthly report to the Board of Agri-
culture and Forestry:

"The Quarantine Station.
The installation of the kennels has
been finished and the first occupants,
a family of six Japanese spaniels,
were received by the S. S. Manchuria
on March 25.

"As several outbreaks of rabies have
occurred in San Francisco of late it
would seem that the quarantine of
dogs on account of this disease was a
well-advised step. The measure has
met with considerable criticism, most
of which has been based on either ig-
norance or misinformation as to facts
and has been easily refuted. The cost
of feeding the family of six now at the
station has averaged about 30 cents per
day, but this will undoubtedly in-
crease as the pups grow up. The en-
tire cost of construction of the ken-
nels and keeper's quarters has been
\$884.97 up to date.

BRIGHT'S DISEASE

We submit the following as our
ideas of the probabilities under Pul-
ton's Renal Compound in Bright's and
kidney disease:

Where patients are seriously weak-
ened and crises may be expected in
from ten to twenty days probably not
more than ten per cent to twenty per
cent respond. Where physicians aid
by holding up the heart, increasing
the eliminations, etc., the efficiency
can be increased. In cases where pa-
tients have from thirty to sixty days
of life we look for correspondingly bet-
ter results.

Where patients do not wait until
bedridden we believe three-fourths can
be controlled and that in cases that
take the treatment on the appearance
of the disease that nearly nine out of
ten will respond with final recovery or
prolongation of life.

Albumen, casts and dropsy do not
prevent recovery. The point is that
the renal inflammation should be at-
tacked before the heart and recupera-
tive powers are too greatly weakened.
Pulston's Renal Compound is used
both with and without physicians' pre-
scriptions. The motive of the Renal
Compound being to relax the kidney
(the Old School leaving nothing to re-
duce inflamed kidneys) it will be seen
that the heart, eliminative and tonic
treatment usually prescribed in
Bright's and kidney disease do not
conflict but are often required in ex-
treme cases. It can be had at Hon-
olulu Drug Co.

We desire patients not improvise
the third week to write us. Lite-
ture mailed free. John J. Pulston Co.,

sicians who have obstinate cases.
